Circular 12 of 2014: Message from the Chairperson of Council

The Chairperson of Council of the Council for Medical Schemes (CMS), Prof Yosuf Veriava, would like to assure all CMS stakeholders that the leadership of CMS is not discouraged by the unsubstantiated allegations made against the organisation's CEO and Registrar of medical schemes.

Prof Veriava reiterated his confidence in the management and staff of CMS and confirmed that CMS will continue undeterred with its organisational functioning which is in the best interest of its stakeholders and members of medical schemes.

Prof Veriava added that in the interests of transparency and accountability, a task team was appointed to oversee the independent forensic investigations, investigating the allegations made against the Registrar, as well as investigating the previous provisional curator, Mr Themba Langa who made these allegations.

He added that Council stood firm in its conviction that CMS as a statutory body will continue to follow dual processes and will continue fulfilling its mandate to protect the interests of medical scheme beneficiaries at all times.
