Circular 24 of 2014: New submission dates of aggregated ICD-10 compliance data

The new data specification is unfortunately not finalised and published by the National Department of Health (NDoH). Medical schemes and administrators are hereby requested to combine the quarter 1 and quarter 2 submissions. In future we will only have two submissions per year.

The new submission dates for 2014 are:

- January-June 2014: 15 August 2014
- July-December 2014: 13 February 2015

We will inform you once the new specification is published by NDoH and all schemes and administrators must use the new data specification for their data submissions. We apologise for any inconvenience this arrangement may have on your operations and we thank you for your patience.

Should you have any further clarification on this matter, please do not hesitate to contact Ms. Busi Khuzwayo (b.khuzwayo@medicalschemes.com).

Dr Anton de Villiers
Head: Research and Monitoring
Council for Medical Schemes
