Circular 24 of 2011: 2011 Annual Statutory Returns development

The Office of the Registrar (Office) has recently completed the analysis of the 2010 Annual Financial Statements and Annual Statutory Return. We are currently in the process of enhancing the format of the Annual Statutory Return for the 2011 financial year.

The Office would like to obtain any suggestions and comments in respect of the proposed 2011 Annual Statutory Return.

The Annual Statutory Return is currently developed for computers with a maximum resolution size of 800 x 600. It is proposed to increase this to 1 280 x 1 024. Schemes are requested to comment on the proposed size in the event that their graphic cards cannot accommodate the proposed resolution.

During our interaction with administrators in our March training sessions earlier this year, it was indicated that the publication of a draft word document during January would enable administrators to prepare the necessary reports to accommodate any new information required. The Office takes cognizance of this request and will endeavor to publish a summary of changes before the going live of the web return.

Any suggestions and comments can be submitted to j.scheepers@medicalschemes.com or alternatively faxed to (012) 431 0619 on or before 29 July 2011.

Your assistance in this regard will be highly appreciated.
