Circular 30 of 2015: Healthcare Utilisation Annual Statutory Returns for the financial year ended 31 December 2014

The Council for Medical Schemes (CMS) has finalised the 2014 Healthcare Utilisation Annual Statutory Return system and schemes are currently in the process of finalising their submissions.

A number of schemes have indicated to us that they would require more time to finalise the sign-off of the reports. The deadline for the electronic submission of the ASR data remains 30 April 2015, but we have decided to extend the deadline for the submission of the signed documents to the 15th of May 2015. The signed documents should reach the offices of the CMS by 15:00 on the 15th of May 2015.

Please ensure that once the schemes data has passed all three levels of validation, the Data Officer should log into the portal and do a final submit for the scheme. The reports will only be made available once the "Final Submit" button is pressed.

Your cooperation will be highly appreciated.

A handwritten signature in black ink, appearing to read 'Anton de Villiers', written in a cursive style.
