MEDICAL SCHEME'S BOARD OF TRUSTEE REMUNERATION DISCUSSION DOCUMENT

This circular serves as a reminder for comments and input by all stakeholders on the trustee remuneration discussion document which was published by the Council for Medical Schemes (CMS) on 18 November 2011.

As indicated in the discussion document, the Office's overall objective with this process is to introduce guidelines in respect of the remuneration of Trustees serving on the board and sub-committees of medical schemes. The guidelines will serve to inform and strengthen remuneration strategies and policies of medical schemes in order to ensure that the interests of members are properly protected when remuneration decisions are taken.

CMS therefore seeks to encourage all stakeholders to participate in this process. Please submit your comments in writing to Mr Thamsanqa Diniso, Senior Investigator: Compliance & Investigations Unit at t.diniso@medicalcschemes.com by **29 February 2012**.

Stephen Mmatli
