## CIRCULAR 43 OF 2013: IN-DEPTH TRUSTEE TRAINING by COUNCIL FOR MEDICAL SCHEMES

The Council for Medical Schemes (CMS) has received a request from Trustees at the Forum meetings to provide additional training to Board of Trustee members. The first in-depth training will be a trial to determine if the proposed programme is relevant to the requirements by Board of Trustees. After the first round of training and based on the evaluation of the programme, the programme will be amended according to further needs by Trustees.

It is important to note that the in-depth training will only be offered to Trustees who have done the CMS Induction Training for Trustees. The in-depth training will take place:

Johannesburg/Pretoria: 12 November at 8:30 for 9:00 – 16:00

Cape Town as follows: 14 November at 8:30 for 9:00 – 16:00

More details will be communicated in due course, but qualifying Trustees are requested to reserve the date applicable to them.

The training programme will cover the following issues:

- Corporate governance
- Case studies
- Benefit design from a trustee's perspective
- Risk management from a trustee's perspective

A registration form will be published on the CMS website and circulated to Board of Trustee members with all relevant details in due course.

Kind regards

A handwritten signature in grey ink, appearing to read 'Elsabé', is positioned above the printed name.
