Circular 45 of 2015: Annual Statutory Returns development for the 2015 financial year

The Council for Medical Schemes (CMS) has recently completed the analysis of the 2014 Annual Financial Statements and Annual Statutory Return. The process of enhancing the format of the Annual Statutory Return for the 2015 financial year is under way.

The CMS would like to obtain any suggestions and comments in respect of the proposed 2015 Annual Statutory Return. Reference should also be made to Circular 44 of 2015, in which stakeholders were invited to comment on the proposed changes relating to the accounting for / classification of accredited managed care services in the Annual Statutory Return.

The Annual Statutory Return is the principal data collection tool that informs the CMS' Annual Report. The industry is hereby invited to provide comments on information that is considered relevant for inclusion in future Annual Reports, taking cognisance of the fact that it might take a number of years to collate enough information to conduct a relevant analysis of the data.

The CMS would therefore appreciate any suggestions and comments by the industry in respect of additional information/statistics that are considered relevant for inclusion in the Annual Report.

Any suggestions and comments can be submitted to j.scheepers@medicalschemes.com on or before 31 July 2015.

Your assistance in this regard will be highly appreciated.
