Circular 46 of 2013: Entry and verification criteria for identifying beneficiaries with risk factors in medical schemes

The Council for Medical Schemes (CMS) has published a discussion document on guidelines for identifying medical scheme beneficiaries with risk factors in accordance with the entry and verification criteria; the discussion document can be found here: <http://www.medicalschemes.com/files/ITAP%20Documents/EVGIVer72013.pdf>

Stakeholders and interested parties are invited to comment on this document.

Please make your submissions to Busi Khuzwayo in the Research & Monitoring Unit of the CMS, at b.khuzwayo@medicalschemes.com, before 8 November 2013.

Following a recommendation made by the Industry Technical Advisory Panel (ITAP), the CMS will publish guidelines which will set the standards for measuring the risk factors in medical schemes applicable from 1 January 2013. The purpose of these criteria is to ensure that standardised techniques are applied across the industry.

Your input would be greatly appreciated.

Yours sincerely

Dr Anton de Villiers
