### **CIRCULAR 52 OF 2014: UPGRADING OF KIMBERLEY HOSPITAL TO A LEVEL 3 TERTIARY HOSPITAL**

Medical Schemes and medical scheme administrators should please take note that the Department of Health's Revenue Related Issues Directorate has received notification from Kimberley Hospital in the Northern Cape Province that the hospital was upgraded to a Level 3 Hospital to be reimbursed at this level.

The Directorate has informed the Council for Medical Schemes (CMS) that schemes still reimburse the hospital at the Level 2 UPFS tariff rate, which contributes to loss of revenue.

Please [click here](#) for a copy of the hospital's BHF registration.

Your cooperation in this matter will be highly appreciated.

**Daniel Lehutjo**  
**Acting Chief Executive & Registrar**  
**Council for Medical Schemes**
