Circular 55 of 2015: Annual Report Erratum – Performance Information

The Council for Medical Schemes (CMS) would like to correct an error that was reported in the CMS Annual Report 2014/15.

The error related to *Part B: Performance Information page 59*, “During the year CMS uplifted curatorship of two schemes - Bonitas and ~~Medihelp~~ Medshield - and both schemes are now stable. Hosmed, however, is still under curatorship and the Office is confident that scheme will be stabilised soon.”

The scheme that was under curatorship was Medshield and not Medihelp. It must be noted that Medihelp has never been under curatorship.

We wish to apologise to Medihelp for this error.

Kind Regards

MR. D LEHUTJO
