## **Circular 67 of 2019: National Beneficiary Registry Pilot Program Project Plan Deadlines**

[Circular 52 of 2019](#) has reference.

The Council for Medical Schemes is mindful of concerns raised by some medical schemes that they may have been automatically disqualified from participating in the pilot program, due to their non-response to deadlines set in above Circular.

We wish to assure schemes that the enrollment process is still open, and that Medical Schemes may use their existing Annual Utilisation Return Data Officer for the beneficiary data submissions or appoint a new data officer. To enroll in the pilot program, please [click here](#).

We look forward to your participation as we believe it will benefit early adopters once the system eventually becomes fully operational.
