HEALTH MEDICAL SCHEME AND AFROX MEDICAL AID SOCIETY: 1 MAY 2014

The Registrar of Medical Schemes has granted permission for amalgamation between Discovery Health Medical Scheme and Aprox Medical Aid Society to be moved from 1 April 2014 to 1 May 2014 upon confirmation. The request was granted in order to facilitate seamless transfer of data between administrators of both schemes and also that proper member communication proceeds unhindered.

The exposition document will continue to lie open until 6 March 2014 as approved and communicated previously and interested parties can still view and comment on the proposed transaction until close of business on 6 March 2014.
