Circular 32 of 2009

Delay of 2009 online statutory returns system

The Office of the Registrar would like to inform all Principal Officers and statutory return users that the roll-out of the 2009 statutory return system has been delayed. This is due to the development and testing of the new statutory returns system taking longer than anticipated. As part of our close monitoring process we would like to request all schemes to submit management accounts for September 2009 to allow for additional time to test the system.

Schemes may submit these management accounts electronically but all hard copies should reach the office by no later than 13 November 2009.

Please note that this deadline is still in line with the original deadline set for the submission of Quarter 3 of 2009.

Your cooperation will be highly appreciated.
