## Circular 6 of 2010: Regulator advises brokers on Bonitas

Healthcare brokers will have heard by now that the acting Registrar of Medical Schemes Mr Craig Burton-Durham has filed an application with the South Gauteng High Court to place medical scheme Bonitas Medical Fund under curatorship. The scheme has since decided to oppose the application.

Brokers are again asked to act with restraint. And to always remember the principles of best advice when advising both potential and existing members of the scheme. The only reasons why the acting Registrar has applied for curatorship have to do with governance problems at the scheme. They have nothing to do with its financial soundness. The scheme is perfectly viable going forward.
