CIRCULAR LETTER 5/2000

**SUBMISSION OF AUDITED FINANCIAL STATEMENTS AND STATUTORY RETURN IN
RESPECT OF THE 1999 FINANCIAL YEAR**

In terms of the provisions of section 37 of the Medical Schemes Act, 1998, medical schemes are required to submit audited financial statements and statutory return to this office by not later than 30 April.

The return which was made available to schemes before, has been amended to allow this office to capture the data electronically and the revised version is now available on the website of the Council (www.medicalschemes.com). It can also be forwarded by e-mail upon specific request. Please note that neither the contents nor the format of the return has been changed from what was made available previously.

Accordingly, all schemes are granted extension of time to submit the return in the revised version, together with the audited statements by no later than **31 May 2000** without being penalised. In the event that a return has already been submitted prior to this circular for the 1999 financial year, your co-operation is requested by completing the revised return now made available.

Should you have any difficulty in extracting or obtaining the return, kindly approach this office without delay.

Yours faithfully

PATRICK MASOBE

REGISTRAR OF MEDICAL SCHEMES
